

AIA NORTH CAROLINA

2010 TOWER AWARDS

DESCRIPTIVE DATA

The purpose of the AIANC Tower Award is to recognize well-designed projects by AIANC members that exemplify historic preservation and adaptive reuse in renovation, restoration or rehabilitation of a historic structure; new / infill construction within a historic context; or a new construction addition to a historic structure. In addition to the standard submission requirements of the AIANC Design Awards, AIANC Tower award submissions should be marked for inclusion and must meet one of the four criteria for eligibility found below. Selection favors well-designed solutions that exhibit an integration of appropriate technologies and best practices. Please limit your responses / descriptions to the pages formatted with this Descriptive Data form.
